SENIOR CENTER

West Madison Senior Center

2018 Annual Donation

Incorporated in 1975, the mission of the West Madison Senior Center is to help older adults stay independent and active in our community by providing programs, services, and resources.

Our programs include Case Management, three Dining Sites, Home Chore Volunteer Program, Senior Center Programs, and a variety of opportunities for life-long learning, health and wellness.

Your donation helps to support a wide range of programs and services dedicated to promoting independence and positive aging. With your donation, you will receive our monthly newsletter, mailed or emailed, and access to equipment that has been donated to our loan closet. We also offer Golden Club and Patron Club levels and an option to give an additional donation to a specific program. If you become a Golden Club or Patron Club Donor, you will be acknowledged in our newsletter and website.

Please complete and return the form below. Call our office at 608-238-7368 if you have questions or would like more information.

Thank you for your support of older adults in our community!
